

You can trust our local knowledge to protect your business and your reputation

Let us look after you.

You can rely on **AIG** to provide you with the same level of service and support that you give to your own clients. Let us help protect you and your business.

At AIG, we recognise that insuring your business goes beyond replacing your physical assets when things go wrong. It's about protecting your cashflow, your assets and even your reputation in the eyes of your customers.

Our insurance package for small businesses offers great value and one of the broadest definitions of cover available in Singapore today. And we've now built on the standard policy to create protection designed especially for businesses delivering hospitality and leisure services to clients.

AIG's SME Hospitality Pack offers most of the covers which you would expect from a market leader:

- **Accidental damage** to your property from leaky pipes to fire damage, and from smoke damage to sprinkler leakage
- **Public liability cover of up to S\$10 million** in the event that someone is inadvertently injured or suffers a loss as a result of your business operations

- In the event of a theft or break-in to your business premises, **we'll reimburse you** for lost stock or damaged equipment
- We insure **your physical cash** while it's on site, plus we'll protect your business against dishonest employees

In addition to these standard covers, our SME Hospitality Pack goes further:

- Protects you against **food poisoning claims**
- Offers you **Innkeepers' Liability** or cover for customers' goods in your custody
- **Meets your legal obligations** to provide work injury compensation for your staff
- Looks after your **immediate cash needs** in the event of an insured interruption to your business, which offers you up to S\$750 per day

Above all, we'll help you get back on your feet quickly in the event of an incident. We recognise that recovering from a shock after the incident isn't just about receiving a cheque.
